I am 4<sup>th</sup> year student of Computer Science and Engineering in Artificial Intelligence & Machine Learning at Vignana Bharathi Institute of Technology, Hyderabad, Telangana. I am writing as I am interested to apply for the <Job Role>. I am enthusiastic about the field of Machine Learning, and would welcome the opportunity to bring my strong communication skills, understanding, and analytical thinking to the best of its use.

Why should you choose me?

- ☐ I am the academic topper positioned 2<sup>nd</sup> in my branch of my institute for the year 2020-2021.
- ☐ I worked on and completed 30+ Machine Learning Projects at my previous All the projects are on my GitHub profile, profile link: <https://github.com/Shreejit2401>.
- ☐ I am certified in 67 Great Learning (Learning Platform) Courses 2, AWS Academy Courses, Microsoft – AI fundamentals course, Microsoft-Data Fundamentals course and plethora of other courses which just encourages me to learn more.
- ☐ Lastly, I am a beginner who wants to learn.
- ☐ Technical Skills: C, Java, Python, SQL, HTML and CSS, JavaScript, R, MS office.

To recapitulate, I strive to be a part of the <Organization>. If I meet your qualifications, I would very much like to discuss further opportunities and details about the <Job>. The best time to reach me is between 18:00 and 22:00 of the working days.

Thank you for taking time to review my resume. I look forward to have a talk with you.

Sincerely,

Shreejit Cheela.
